

SUHSD CTE

District Advisory Committee

Date: February 16, 2023
Time: 11:30 am - 1:00 pm
Location: La Paz Middle School
1300 N. Sanborn Rd.- Room 1012
Salinas, CA 93905

Norms:

1. Be respectful to committee members and the public
2. Be prepared
3. Represent the committee with pride.

Agenda

1. Welcome/Introduction of members
2. Review Norms
3. Approval of SUHSD CTE District Advisory Committee meeting minutes
4. Approval of agenda for today's meeting.
5. Individuals desiring to address the Committee.
6. Informational Items.
 - a. CTE Month Celebrations
8. Action Items
 - a) Supplemental CTE Projects Allocations
 - b) Nominations of new members of the committee 22-23
 - c) Recommendation to dismiss members due to non-attendance on 21-22 (Bylaws Article 4 Section 6)
 - d) Recommendation of membership appointment for 21-22 School year (Bylaws Article 4 Sections 1 and 3)
 - e) Calendar of Meetings for 22-23 school year
9. Adjournment

SUHSD CTE District Advisory Committee-DRAFT

Meeting minutes

In person meeting held at Everett Alvarez High School- Career Center Room 107, 1900 Independence Blvd, Salinas CA 93906 on November 3rd, 2022 at 11:30 am to 1:00 pm.

Present Dr. Ivonne Glenn, Director at MTROP; Gary Walter, Director of Reclaim for the Future Company; Joseph Farotte-Kruchas, Analyst of Monterey County Social Services; Audrey Sharp, Vocational Evaluator of Mission Trails ROP; David Dresser, Teacher at Monterey County of Education; Omar Chombo, Clinica De Salud De Salinas Patient Service Manager; Matthew Fleming, Mt. Toro High School Instructor; Joseph Frausto, ROP Small Engine and Maintenance Instructor; Rob Appel, ROP/CTE Coordinator; Yasmin Herrera, Director of Programs at Digital Nest; Evan Robinson, EAHS Work Experience Coordinator; Dr. Brian Preble, EAHS Career Counselor; Laura Ruano, EAHS Career Technician

1. **Call to order.** The meeting was called to order at 11:05 am
2. **Welcome/Introduction of members.** Mr. Appel, CTE Coordinator, welcomed the attendees and thanked everyone for attending the CTE District Advisory Committee meeting. Mr. Appel requested the committee start with welcome and introductions. After introductions, the committee members reviewed the committee norms. Mr. Appel then informed the committee they would be taking tours of the classrooms at Everett Alvarez High School. The schedule was as follows:

Schedule	
<u>Group 1 - Mr. Appel</u>	<u>Group 2 - Dr. Preble/ Chantel/Audrey</u>
11:45 am NJROTC - football field	11:45 am Game Design RM 807
11:55 am Cinema Arts RM 807	11:55 am NJROTC - football field
12:05 am Game Design RM 406	12:05 pm Cinema Arts RM 406

Dr. Glenn arrived at 12:00 pm from a prior meeting.

When the committee returned from visiting the classrooms the committee shared their positive experiences in the classes. Mrs. Herrera shared how impressed she was by the NJROTC and the things the students were learning. She felt the class prepared students to be more well rounded.

Dr. Glenn and Dr. Preble then went over the different pathways offered at Everett Alvarez High School.

3. Approval of minutes from September 15th, 2022

Motion: To approve the minutes from February 24th, 2022

Motion by: Mr. David Dresser, Teacher at Monterey County of Education

Seconded by: Mr. Joseph Farrotte-Kruchas, Analyst of Monterey County Social Services

Motion carried with a vote of 8-0.

4. Approval of the agenda

Motion: To approve the agenda.

Motion by: Mr. Joseph Farrotte-Kruchas, Analyst of Monterey County Social Services

Seconded by: Mr. Omar Chombo, Clínica De Salud De Salinas Patient Service Manager

Motion carried with a vote of 8-0.

5. Items of information for the Committee:

Dr. Glenn introduced to the committee Mr. Appel began his presentation by sharing information on the purpose of CTSOs (Career Technical Student Organizations). CTO's are organizations to help students to develop leadership skills, abilities, and attitudes to succeed in the world of work. The programs have win-win opportunities for both students and teachers. Students gain access to leadership development, industry skill development and jobs, scholarships, academic skill enhancement, community service, competitive event program/student recognition. Teachers will also gain integrated leadership and industry skill attainment activities, curriculum resources, professional networking opportunities, funding opportunities, and opportunities for success.

Mr Appel shared the different competitions students can participate in which are FFA, SkillsUSA, and HOSA. Future Farms of America (FFA) is an integral part of agriculture education that focuses on developing leadership skills and interpersonal skills. SkillsUSA provides an educational program that develops personal, workplace and technical skills along with leadership and skill events. Health Occupations Students of America (HOSA) is for students who are interested in careers in health and mental health professions. Mr. Appel

presented a list of teachers currently participating in SkillsUSA and informed the committee he has about eighteen percent participation.

Mr. Appel then played a video of an Everett Alvarez High School student sharing his experience on making it to the state competition for SkillsUSA.

Mrs. Herrera had a question about CTSOs and the activities they facilitate. She wanted to know if they facilitate activities during the classroom or after school.

Mr. Appel responded that the majority of the work for the competition would take place after school. That teachers and advisors have to complete certain tasks before going to the competition.

6. Action Items

No action items.

7. Announcements

No announcements.

8. Adjournment

Mr. Walter requested to Dr. Glenn an update of the NSHS AG Mechanics and construction lab. Dr. Glenn responded that she will take the request and forward it to Business Services Department and will send an email once she receives an update.

On a motion by **Mr. Joseph Farrote-Kruchas, Analyst of Monterey County Social Services** ; and a second by **Mr. Omar Chombo, Clinica De Salud De Salinas Patient Service Manager** the committee approved adjournment of the meeting with a vote 8-0.

Meeting Adjourned at 12:30 pm

Salinas Union High School District
A RESOLUTION OF COMMENDATION
To honor
CAREER AND TECHNICAL EDUCATION MONTH
RESOLUTION NUMBER 23-08

WHEREAS, career and technical education, referred to in this preamble as CTE, ensures that competitive and skilled workers are ready, willing, and capable of holding jobs in high-wage, high-skill, and in-demand career fields such as science, technology, engineering, mathematics, nursing, allied health, construction, information technology, energy sustainability, and many other career fields that are vital in keeping the United States competitive in the global economy; and

WHEREAS, CTE helps the United States meet the very real and immediate challenges of economic development, student achievement, and global competitiveness; and

WHEREAS, nearly 12,000,000 students are enrolled in CTE across the country with CTE programs in thousands of CTE centers, comprehensive high schools, career academies, and CTE high schools, and nearly 1,000 2-year colleges; and

WHEREAS, CTE affords students the opportunity to gain the knowledge, skills, and credentials needed to secure careers in growing, high-demand fields; and

WHEREAS, students at schools with highly integrated rigorous academic and CTE programs have significantly higher achievement in reading, mathematics, and science than students at schools with less integrated programs; and

WHEREAS, February 23, 2023, marks the 106th anniversary of the signing of the Act of February 23, 1917, commonly known as the "Smith-Hughes Vocational Education Act of 1917" which was the first major Federal investment in secondary CTE and laid the foundation for the bipartisan, bicameral support for CTE that continues; and

NOW, THEREFORE, BE IT RESOLVED that the Salinas Union High School District does hereby adopt a Resolution of Commendation to acknowledge February 2023 as "Career and Technical Education Month" to celebrate the career and technical education across the United States, support the goals and ideals of Career and Technical Education Month, and recognize the importance of career and technical education in preparing a well-educated and skilled workforce in the United States; and

BE IT FURTHER RESOLVED that the Salinas Union High School District does hereby encourage the celebration of **CAREER AND TECHNICAL EDUCATION MONTH** during February 2023, with instruction from educators, guidance and career development professionals, administrators, and parents to promote career and technical education as a respected option for students.

Adopted this 24th day of January 2023

Perkins Additional Requests 22-23

Dear CTE/ROP Teacher,

This year, as we continue to submit our Perkins supplemental allocations, MTROP anticipates an unspent balance of approximately \$70k. In order to ensure that funds are allocated to a current need, the CTE District Advisory Committee would like to hear from you if you are in need of additional supplemental equipment or materials in your CTE Pathway (not consumables) by filling out this form. The recommendations will be presented in our next meeting to be held on 2/16/23 and voted on.

Thank you for your participation.

Dr. Ivonne Glenn

*** Required**

1. Email *

2. What is the current need of your CTE pathway and the goal of this additional resources? *

3. Approximately how many students would benefit from it? *

4. What is your estimated budget (between \$1-\$70,000)? *

5. How are you planning to spend the monies requested? Be specific with equipment models and quantities, links and quotes are always appreciated. *

6. Is there anything else you would like to add?

7. Name of teacher submitting project proposal and school site: *

Google Forms

What is the current status of your CTE plan? Goal of this additional resources? \$7,000 to make it possible for the students to do their final project. The goal is to have a main dish and dessert as they learned to properly set the table. The allocation money that was going to us was used for the entire academic year and even when we still have some left, it will not be enough to cook/bake the additional courses that we had especially over the inflation affected the amount of cooking/baking ingredients we can purchase. We initially believe that the opportunity to do the final as a full course meal is unique, memorable and a great component of teaching our students real life experiences. In the past 5 dozens of eggs were \$15 and now they are up to \$40. The final is like a thesis for a masters degree. Also, our students would love to cook once again some of the previously made. We have done soups from various countries and we want to make other dishes that are relevant to our students. We also need to purchase some storage containers for our kitchen as our space is limited but we will use the budget for consumables. Perhaps we can have the additional allocation money as follows \$5,000 for Smart and \$1,000 for Smart and Final. Much appreciated your consideration.

Approximately how many students would benefit from it?

What is your estimated budget for this?

\$1-\$70,000/7

How are you planning to spend the monies requested? For what and questions, links and quotes are always appreciated.

Name of teacher submitting project proposal and school site.

A few of our students are already working in restaurant and others are looking to be better suited for the job. We had a student that was selected for a job before he was selected for the interview. He was later called for an interview in a different restaurant and this time he was successful. He was hired as a supervisor. However, the proper and all the tools needed we can strive on professionalism as we prove to the students are well trained for the workforce. I have talked to the owner of a few Mc Donald's Franchise in regards to our programs and will our students get the time to ask him what it is that makes a better candidate. He told me to tell my students that whenever they apply and apply to any of the Mc Donald's Franchises to mention that they are MITROP students and they will be listed without hesitation if any openings are available. He mentioned that he has no doubts that our students will be well taught, responsible, courteous, understanding and knowledgeable of the industry. He also mentioned that he currently has employees that are neither professional or willing to work, and he hopes that MITROP/CTE is properly preparing students for the workforce.

Consumables are not allowable expense IG 175231 notified the teacher

Yesenia Botello

Joseph Frausto

\$6,000 will be used for consumables to complete the final project. The additional \$1,000 will be used for consumables. MITROP/CTE is properly preparing students for the workforce.

16 used car or truck engines, 16 engine repair manuals for each engine, 1 additional Snap-On Full Size tool box, 3 sets of Digital Torque Wrenches, 12 Gallon storage containers with lids (Cortic Seal is the best), 100 lbs of rice, 10 lbs of Storage containers in the Bakery, 14 Rolling storage racks

Name of teacher submitting project proposal and school site

The current need of my CTE Program is to acquire twenty entry level professional photography cameras with accessories for our Digital Art class for the 2023-2024 school year. Currently, we have a 1 to 3 camera ratio to students and some of these cameras are 10-15 years old. This is a challenge when you are teaching Photography and Graphic Design classes which are photo centric. This year and next year, I am teaching an A-ME CTE classes at Everett Alvarez High School with a total of more than 50 students in my Photography and Digital Art pathway. Next year, I will most likely continue teaching six classes because of the high demand for these classes here in the EAMS system. The largest ever in the past 5 years I have been at EAMS and I would like support with the purchase of these cameras.

36,935.95

160

[1]

I hope we could order these cameras because they would greatly help with the development of high level industry CTE skills for our Young Digital Artists and they should be available anywhere between now and then. I plan on being at my school site teaching these classes for years to come and supporting our students with them.

36,935.95

160

[1]

I would like to request 20 of these photography cameras with accessories. This will give me a class set with the other cameras I have. The needed accessories I added include extra batteries, chargers, SD cards for storage, variable neutral density filters to control light, a tripod, a lens cap, a lens cap, a lens cap, telephoto lenses to be used to take pictures of wildlife, landscapes, sports and various school events. I also added in the amazon cart some important camera maintenance materials to clean the internals of the camera when they get dusty.

36,935.95

160

[1]

Please consider this as an investment on the future of our students and future digital artists, videographers and photographers.

Timestamp	Email Address	What is the current need of your CTE pathway and the goal of the proposal resources?	Approximately how many students would benefit from it?	What is your estimated cost? (If known)	How are you planning to spend the monies request? Be specific with equipment models and quantities, links and quotes are always appreciated.	Is there anything else you would like to add?	Name of teacher submitting project proposal and school site	
11/10/2023 12:33:36	scott.rose@salmatunisd.org	The current need of my 3 year CTE Pathway is to have more budget lenses, microphone accessories for the studio/location use and good lighting equipment for the students in the district. I teach the intro, concentrator and capstone CTE AME classes at EAHHS. The equipment requested is for the students become proficient in the high demands for AME professional work.	160	\$14,386.32	I would like to get a set of budget prime lenses to help students understand the difference between the zoom lenses and prime lenses. I would like them to be able to see the benefits of a smaller aperture and understand how shallow depth of field changes your image. The next step would be to get a set of budget prime lenses because they do not have a low aperture F-Stop. These lenses allow for subject and background separation allowing students to see the benefits of using primes over zoom lenses. The camera accessories are to help protect and use the lenses on the cameras we already have. Another item that I am requesting are microphone accessories to make the microphones we have work much better and get better audio for our videos. The next step would be to get a set of budget microphones that have a better control of clean audio. The digital XLR audio adapter allows us to connect two common XLR microphones (most commonly used) to one camera. This would allow separate audio for two pieces of equipment connected to the camera instead of just one microphone to be able to use shotgun microphones without the need to hold them in your hand. Most importantly, I would like to request a set of five lights to be used in our TV Studio for the recording of our weekly news, class projects, and district videos. Currently, so many of our students don't illuminate the talent(s) well and they are very flimsy and cheap. They are barely working for our needs and not very durable. They could fall if you try to move them. So, I can't have subjects work with them other than turning them on and off. I would like to have a set of lights for students in class. I stay after school to work on them in case they fall. I would like to have the Apurian 300d and the Amaran 200X as two key Lights(Strong Lights) for two people to use. I would like to have the Amaran 100X and the F8 Light (Soft Light) to counterbalance the harsh strong light from my main source. Finally, I would like two hair/back Amaran 100X lights to help separate the subject(s) from the background. All these lights need a strong heavy duty light stand and softboxes to control the light and make it soft. These lights would be used in all my classes. These lights would help me demonstrate the importance of three point lighting techniques used in photography, graphics, animation, and video work. Students will be able to set up, move, and understand this incredibly important aspect. I also added gels and clamps to demonstrate how color can convey a certain feeling to the audience. For example blue gels gives the audience a feeling of cool and relaxation while orange and yellow gives you a feeling of warmth and caring. I would like to have a set of budget prime lenses to help the color with an app on your phone. These lights give us the control we need to understand chroma and luminance while taking creative and artistic pictures/videos. They have a battery installed and can also be plugged into the wall. They allow you to color correct a scene in a few minutes once the lights are in place.	Please copy and paste the link to see the list of these items https://drive.google.com/file/d/1RD9hkyvZ_57AnBRtE_-S145W5_mXBUgView/usp=share_link	I would like to thank you for the consideration of this proposal for the AME Pathway at EAHHS	Scott Rose EAHHS (Quote is from BaroHi)

<p>What is the current state of your CTE pathway? How do you see it in the future? What resources do you need to move forward? How do you see your CTE pathway in the future? What resources do you need to move forward?</p>		<p>Approximately how many students would benefit from it?</p>	<p>What is your estimated budget for this request?</p>	<p>How are you planning to spend the money requested? Are there anything else you would like to add?</p>	<p>Name of teacher submitting proposal and school site.</p>
<p>The current need of my CTE Pathway is the acquisition of one truly high level hybrid camera for my high level photography and cinema industry needs. This camera is unique because it can boot up either in photo and video mode or cinema mode. I would like to see a camera that can boot up in photo or video mode students will be exposed to the industry standard settings they will use in both photo and cinema studios. At first, I would like to use it as a demonstration unit for students to learn and understand the camera. Secondly, once they have mastered the skills of understanding how to use it, they will be able to use it collaboratively for both photo and video projects.</p>			<p>\$1-\$70,000?</p>		
<p>Our objectives as educators is to help our students learn and understand the current career technical industry needs. This camera will give students the possibility to walk into a Cinema Studio and be comfortable/proficient in using their gear because the majority of cameras used in our program are Canon cameras. Another great aspect of this camera is that it allows you to do menu updates. It is able to be updated continuously with new professional menu settings which keeps it current. This camera will fit my CTE pathway from my beginning classes in Digital Art, Photography, Cinema Courses, and my six AEM CTE classes at EANS and next year I will be teaching the same classes. In addition, I would like to see that my AEM program at EANS is very popular and there is a big need for these classes. Moreover, our students have continued their studies in Post-Secondary Film Schools at Harrow College, CSUMB, and Columbia College.</p>				<p>I would like to purchase the Photo/Cinema Hybrid camera for my CTE pathway. The camera can be used for high level professional photography and videography applications. Due to its small form factor it can be easily used in a variety of situations. It also has a built-in fan to protect it from overheating. It takes pictures in 45MP RAW format which allows you to do post processing. It has a built-in sensor for 4K (current standard) and 8K (future standard) with the use of an additional V-mount battery. It allows you to film in a neutral format called C-LOG 3. This is one of the formats used in the industry for feature films. They will learn the color grading workflow in their classes. I will be able to help them understand both the photography and cinema industry workflow by using this camera. In addition to the camera, I added memory cards and card readers to be able to store the data from the camera. I added a Canon EF lens to the computer. I added a Sigma 18-35 F1.8 lens to the camera. I added a Canon EF lens to work with the Canon RF mount. The lens is a good budget lens and a fraction of the cost of the newer RF Mounts zoom lenses. I added a variable neutral density filter to control the exposure of the image. I added an easily removable camera strap from Peak Design. This is a high quality camera strap that is made of high quality materials. I added a Canon EF lens to the camera. I added a Canon EF lens to the camera. I added a Canon EF lens to the camera. I added a Canon EF lens to the camera.</p>

SUHSD

CTE District Advisory Committee Bylaws 21-22

Article 1: Name

The name of this Advisory Committee shall be SUHSD CTE District Advisory Committee.

Article 2: Purpose

The purpose of this Advisory Committee shall be to advise, assist, support and advocate for the Mission Trails ROP/CTE program on matters that will strengthen instruction and expand learning opportunities for students.

Article 3: Objectives

1. Propose new CTE pathways and/or courses when needed based on data for this community.
2. Evaluate existing CTE pathways courses of study, facilities and equipment with recommendations for modifications to programs, facilities and equipment.
3. Review and evaluate plans for any facility expansion based on the needs of the CTE program and available resources.
4. Actively communicate with all Sectors of CTE Advisory Committees to support and ensure consistency throughout the CTE program.
5. Promote and advocate the CTE program with community partners and industry for the betterment of the student population, and to garner political support for legislation and appropriations for long term funding of the programs.
6. Seek out and identify scholarship opportunities for students.

Article 4: Members

Section 1.

The committee shall consist of 13 members. Members shall be recruited and recommended by the Committee and/or Administrators. Business and Community should make up more than half of the committee. **The committee shall consist of representatives from the following 8 sectors: Agriculture, Health, Construction and Welding, Hospitality, Information and Communication/Engineering and Architecture, Arts, Media and Entertainment, Public Service and Transportation.**

Section 2.

Members shall represent a cross-section of the industry or occupations for which training is provided and the community served by the program. Instructor(s) and/or administrator(s) may serve as ex-officio members of the committee.

SUHSD
CTE District Advisory Committee Bylaws 21-22

Section 3.

Member terms will be two years with no more than one-half of the membership appointed each year. A former or current member may be reappointed.

Section 4.

Membership terms will begin immediately following the **first** meeting of the school year.

Section 5.

Any member may resign from the committee by giving written notice to the Chairperson, addressed to the ROP office. The resignation will be effective immediately upon receipt of such notice.

Section 6.

Any member of the committee who fails to attend 50% of advance notice meetings of the committee in any academic year may be asked to resign from the Advisory Board. A member will be deemed to have attended a meeting if a duly qualified substitute attends on behalf of the member.

Section 7.

Any Advisory Board member may be asked to resign from the committee at any time, for any reason, by a majority vote of the members of the committee.

Article 5: Officers

Section 1.

Officers shall be a Chairperson, Vice Chairperson and Secretary. These officers shall be the Executive Council for the Advisory Committee.

Section 2.

The duties of Officers shall be those commonly described for these offices.

Section 3.

SUHSD
CTE District Advisory Committee Bylaws 21-22

Officers shall be elected by simple majority at the **first** meeting of the school year and shall assume their offices immediately following the meeting. Officers may be reelected.

Article 6: Meetings

Section 1.

The Advisory committee shall comply with the Department of Career and Technical Education program requirements for minimum number of meetings. Additional meetings shall be scheduled as necessary to accomplish the Program of Work.

Section 2.

A quorum shall consist of a simple majority of appointed members.

Section 3.

Decisions will commonly be made by consensus. A formal vote shall be taken when a decision is to be forwarded to the instructor or administration as a recommendation.

Article 7: Subcommittees

Section 1.

Subcommittees shall be appointed by the Chairperson as needed to accomplish the Program of Work.

Section 2.

Subcommittees shall be of the size necessary to carry out their assigned tasks.

Section 3.

Subcommittees shall elect their own chairpersons.

Article 8: Parliamentary Authority

Except as otherwise provided in its Bylaws and standing rules, the Advisory Committee shall be governed in its proceedings by the current edition of Robert's Rules of order.

Article 9: Amendment of Bylaws

These Bylaws may be amended at any meeting of the Advisory Committee by a two-thirds ($\frac{2}{3}$) vote, provided that the amendment has been submitted to Advisory Committee members in writing at least thirty (30) days in advance of the meeting.

Bylaws approved:
